

## **Wildstone Farm 2021-2022 Winter CSA**

### **What is Community Supported Agriculture?**

CSA is a system of food distribution based on trust between the member and the farmer. By making your purchases in advance, you ( the member ) provide us with working capital and a guaranteed market for our produce. We will, in turn, provide you with seasonal produce grown to the best of our ability. The members and the farmers become partners in caring for our small family farm.

### **Who We Are: A Tale of Two Farmers**

We both were raised in nearby Williamstown and come from several generations of Williamstown farm families. In 1984 after searching for a place to raise our family we came to Pownal and began to homestead. Homesteading turned into market gardening when we recognized a growing need in our community for fresh local organic produce. In 1989 Wildstone Farm became the first farm in Bennington County to become certified organic. We are proud to be certified organic by both Vermont Organic Farmers and The Real Organic Project. We hope you will consider joining us this winter.

**Agreement**

I understand that as a member I take the risks and reap the rewards of this working farm. My membership is protected by a combined 60 plus years of good farming practices and experience. However, I also understand that crop yields are dependent on Mother Nature and that crop losses or delays are a possibility. I understand this and wish to become a member of the Wildstone Farm CSA.
